

Crockpot Cooking Box

Crockpot cooking is an efficient, economical and healthy way to provide a yummy meal for parents/caregivers and their children. A crockpot is a welcome way to ensure children are eating well-balanced meals.

Your gift supports the purchase of a crockpot and ingredients for three family meals.

Each Crockpot Kit also contains tip sheets on food preparation, recipes, grocery planner and other topics that enable better nutrition on a budget—so important in Huron County where approximately 1700* children live in poverty.
