

Safe Places Youth Certification

Knowledgeable, qualified activity leaders are so important to the overall development and well-being of children. Whether it is a piano teacher, coach, outdoor recreation provider, yoga instructor or church volunteer, they all have a role in modelling healthy relationships.

Your gift helps recruit, train and certify Huron County activity leaders, who are often one of the most important influences on a young child's future.

Invest in Safe Places training and contribute to growing Huron County as home to trusted adults who know how to listen and respond to children in order for them to thrive.
